

Name: Carlos Rivera

Email: carlos.rivera@email.com

Phone: +1 888-999-0000

Objective:

ML Engineer turned Data Scientist specializing in time-series forecasting.

Work Experience:

- Data Scientist, Retail AI Inc. (2019-Present)
 - Improved demand forecasting models for a retail giant.
 - Automated ETL pipelines for real-time data processing.

Education:

- B.Sc. in Statistics, UCLA (2015-2019)

Skills:

- Programming: Python, SQL
- ML Frameworks: Prophet, TensorFlow
- Tools: Snowflake, Airflow, Power BI

Projects:

- Built an inventory optimization model using reinforcement learning.
- Designed a weather-based sales prediction model.
